## EXPERTISE SKILLS

- UI/UX Design
- Front-End Development
- JavaScript
- Prototyping
- User Research
- Agile Methodologies

## LANGUAGES

- English
- Spanish
- French

## CERTIFICATION

- Bachelor of Science in Computer Science, Stanford University, 2013

# MICHAEL ANDERSON

## UI/UX SOFTWARE ENGINEER

Dynamic Automotive Software Engineer with a focus on user interface (UI) and user experience (UX) design in vehicle infotainment systems. Over 8 years of experience in creating intuitive software interfaces that enhance driver interaction and safety. Strong background in front-end development, including proficiency in modern web technologies and mobile applications. Recognized for ability to bridge the gap between technical functionality and user-centered design principles.

## PROFESSIONAL EXPERIENCE

### **SmartDrive Technologies**

*Mar 2018 - Present*

UI/UX Software Engineer

- Designed and developed user interfaces for infotainment systems.
- Conducted user research to inform design decisions and software features.
- Collaborated with cross-functional teams to ensure seamless integration.
- Implemented responsive design principles for various screen sizes.
- Utilized prototyping tools to create interactive mock-ups.
- Gathered user feedback to iterate on software designs.

### **NextGen Automotive**

*Dec 2015 - Jan 2018*

Software Developer

- Developed mobile applications for vehicle diagnostics and monitoring.
- Worked closely with designers to enhance user experience.
- Utilized JavaScript frameworks for front-end development.
- Participated in Agile sprints to deliver features efficiently.
- Tested applications for usability and performance.
- Documented software design processes and user guidelines.

## ACHIEVEMENTS

- Improved user satisfaction ratings on infotainment systems by 25%.
- Led a project that won the 'Best User Experience' award at a tech showcase.
- Increased app downloads by 50% through enhanced design and functionality.
