WORK EXPERIENCE

Ballistics Technician

2020-2023

Precision Testing Labs

- Operated ballistic testing equipment to conduct performance evaluations of ammunition.
- Prepared test samples and ensured adherence to safety protocols.
- Documented test procedures and results for quality assurance purposes.
- Assisted engineers in refining product specifications based on test outcomes.
- Maintained laboratory equipment to ensure optimal functionality.
- Collaborated with team members to troubleshoot technical issues during testing.

Quality Assurance Assistant

2019-2020

Ballistics Manufacturing Corp

- Supported quality assurance processes for ballistic products.
- Conducted inspections of materials and components prior to production.
- Assisted in the development of testing protocols for new products.
- Maintained accurate records of inspection results and findings.
- Collaborated with production teams to address quality issues promptly.
- Participated in training sessions to improve quality control practices.

ACHIEVEMENTS

- Improved testing efficiency by 15% through process streamlining.
- Recognized for exemplary performance in quality assurance inspections.
- Contributed to the successful launch of three new ballistic products.
