### EDUCATION

**PH.D. IN EDUCATIONAL PSYCHOLOGY,  
UNIVERSITY OF LEARNING SCIENCES**

### ACHIEVEMENTS

- Received a national award for innovative research in educational practices.
- Secured funding for a \$250,000 project aimed at improving student engagement.
- Published multiple articles in high-impact educational journals.

### WORK EXPERIENCE

#### SENIOR RESEARCH SCIENTIST

Education Research Institute

2020 - 2025

- Led research initiatives evaluating the effectiveness of teaching methods in K-12 education.
- Utilized advanced statistical techniques to analyze student performance data.
- Collaborated with teachers to implement research findings into classroom practices.
- Published findings in leading educational journals, enhancing institutional reputation.
- Presented research at national conferences to promote evidence-based education.
- Mentored graduate students in research methodologies and data analysis.

#### BEHAVIORAL RESEARCH ASSOCIATE

National Education Agency

2015 - 2020

- Assisted in large-scale studies assessing the impact of educational policies on student outcomes.
- Conducted surveys and interviews with students and educators to gather qualitative data.
- Analyzed data trends to inform policy recommendations for educational improvements.
- Collaborated with cross-functional teams to enhance research methodologies.
- Contributed to the development of training materials for educators based on research findings.
- Maintained accurate project documentation and compliance with ethical standards.
