MICHAEL ANDERSON

HEALTHCARE RISK ANALYST

I am a Behavioral Risk Scientist with a strong foundation in healthcare analytics, focusing on understanding the behavioral factors that influence patient outcomes and healthcare delivery. Over the past seven years, I have worked with healthcare providers to analyze patient data and uncover insights that drive improvements in care quality and safety.

PROFESSIONAL EXPERIENCE

Health Solutions Group

Mar 2018 - Present

Healthcare Risk Analyst

- Analyzed patient data to identify behavioral risks impacting health outcomes.
- Developed risk stratification models for targeted patient interventions.
- Collaborated with clinical teams to implement risk management strategies.
- Conducted root cause analyses of adverse events to inform preventive measures.
- Facilitated training sessions on behavioral risk factors for healthcare staff.
- Presented findings at healthcare conferences, influencing policy changes.

Community Health Partners

Dec 2015 - Jan 2018

Data Analyst

- Collected and analyzed healthcare data to identify trends in patient behavior.
- Worked closely with IT to enhance data collection and reporting systems.
- Developed dashboards for monitoring patient risk factors.
- Collaborated with quality improvement teams on patient safety initiatives.
- Presented monthly reports to stakeholders on risk management outcomes.
- Successfully reduced readmission rates by 15% through targeted interventions.

ACHIEVEMENTS

- Led a project that improved patient satisfaction scores by 20% through behavioral interventions.
- Recognized for excellence in data analysis with a 'Best Analyst' award.
- Contributed to a publication on behavioral health risks in a medical journal.
