Michael Anderson

PROGRAM EVALUATOR

Detail-oriented Behavioral Sciences Outreach Specialist with a diverse background in research and program evaluation within the behavioral health sector. Over 7 years of experience in developing, implementing, and assessing outreach programs aimed at improving access to mental health services. Strong analytical skills complemented by a solid understanding of behavioral science principles.

EXPERIENCE

PROGRAM EVALUATOR

Behavioral Health Research Institute

2016 - Present

- Conducted program evaluations for mental health outreach initiatives, providing actionable recommendations for improvement.
- Analyzed data to assess the effectiveness of various outreach strategies on service utilization.
- Collaborated with stakeholders to develop data collection tools and methodologies.
- Presented findings to community partners, influencing policy changes and resource allocation.
- Facilitated focus groups to gather qualitative feedback on program impact.
- Developed reports summarizing evaluation results and disseminated to key stakeholders.

BEHAVIORAL HEALTH OUTREACH ASSOCIATE

Community Mental Health Services

2014 - 2016

- Assisted in the implementation of outreach programs targeting high-risk populations, improving access to services.
- Conducted outreach activities to raise awareness about available mental health resources.
- Collaborated with local organizations to create referral pathways for clients in need of support.
- Trained staff on effective communication strategies for engaging with clients.
- Participated in community events to promote mental health initiatives and resources.
- Monitored outreach activities and collected data to assess program effectiveness.
