MICHAEL ANDERSON

YOUTH BEHAVIORAL RESEARCH COORDINATOR

Innovative Behavioral Sciences Research Fellow with a focus on child and adolescent psychology. Over 3 years of experience in conducting research aimed at understanding behavioral issues in youth populations. Proficient in utilizing mixed-methods approaches to capture the complexities of mental health in children. Recognized for developing engaging workshops that educate parents and educators on behavioral strategies.

PROFESSIONAL EXPERIENCE

Child Advocacy Center

Mar 2018 - Present

Youth Behavioral Research Coordinator

- Designed and executed studies on the impact of bullying on mental health among adolescents.
- Conducted interviews with parents and educators to gain insights into behavioral challenges.
- Developed educational materials for workshops, improving outreach to families by 45%.
- Analyzed qualitative data to identify trends in youth behaviors and mental health.
- Collaborated with schools to implement evidence-based behavioral interventions.
- Presented research findings at state education conferences to raise awareness.

University Child Psychology Lab

Dec 2015 - Jan 2018

Research Intern

- Assisted in research projects focusing on cognitive development in preschool children.
- Conducted behavioral assessments, contributing to the lab's ongoing studies.
- Utilized statistical software to analyze research data, enhancing report accuracy.
- Helped organize community outreach events that promoted mental health awareness.
- Coordinated logistics for participant recruitment, increasing engagement by 20%.
- Supported the development of a mentorship program for at-risk youth.

ACHIEVEMENTS

- Developed a workshop series attended by over 200 parents and educators in the community.
- Recognized for outstanding contributions to child psychology research with a university award.
- Secured funding for research initiatives focused on youth mental health strategies.
