EDUCATION

BACHELOR OF SCIENCE IN DATA SCIENCE, UNIVERSITY OF TEXAS, 2016

ACHIEVEMENTS

- Improved data reporting processes that resulted in a 30% efficiency gain across the analytics department.
- Recognized for developing a predictive model that enhanced inventory management accuracy.
- Awarded Employee of the Month for exceptional contributions to a major BI project.

PROFILE

I am a dedicated BI Engineer with over five years of experience specializing in data analytics and visualization within the retail sector. My expertise lies in transforming complex datasets into coherent insights that drive strategic decisions and enhance customer experiences. I have a strong background in leveraging tools such as SQL, R, and Alteryx to extract and analyze data, creating impactful visualizations with Power BI.

EXPERIENCE

BI DEVELOPER

Retail Solutions Corp.

2016 - Present

- Developed data models and dashboards in Power BI, enhancing visibility into sales performance metrics.
- Utilized R for advanced analytics, predicting customer purchasing behavior with 85% accuracy.
