# MICHAEL ANDERSON

## QUALITY ASSURANCE TECHNICIAN

Detail-oriented Biomedical Quality Specialist with over 6 years of experience in the biotechnology sector. Known for implementing quality assurance processes that ensure the highest standards of product safety and efficacy. Skilled in conducting compliance audits, developing quality documentation, and performing risk assessments. Proven ability to collaborate with cross-functional teams to drive quality initiatives and enhance operational effectiveness.

## **PROFESSIONAL EXPERIENCE**

### **BioTech Innovations**

*Mar 2018 - Present*

Quality Assurance Technician

- Executed quality control tests on biopharmaceutical products to ensure compliance with specifications.
- Assisted in the development of SOPs and quality documentation for new products.
- Conducted internal audits and participated in regulatory inspections.
- Monitored production processes to identify and address quality issues in real-time.
- Collaborated with manufacturing teams to implement quality improvements.
- Prepared detailed reports on quality metrics and trends for management review.

### **LifeSciences Corp.**

*Dec 2015 - Jan 2018*

Quality Control Associate

- Performed analytical testing of raw materials and finished products to ensure compliance with quality standards.
- Assisted in the implementation of quality improvement projects that enhanced product reliability.
- Maintained accurate records of quality control tests and inspections.
- Participated in risk assessments to identify potential quality issues.
- Trained new staff on quality assurance practices and procedures.
- Engaged in continuous improvement initiatives to streamline quality processes.

## **ACHIEVEMENTS**

- Contributed to a 15% increase in product quality ratings by enhancing quality control processes.
- Recognized for exceptional performance during regulatory audits.
- Successfully led a project that reduced testing cycle time by 25%.
