SKILLS

- Data Analytics
- Statistical Modeling
- Biostatistics
- R
- Python
- Clinical Trials

LANGUAGES

- English
- Spanish
- French

EDUCATION

MASTER OF SCIENCE IN BIOSTATISTICS, RESEARCH UNIVERSITY

ACHIEVEMENTS

- Developed a predictive model that improved trial success rates by 20%.
- Successfully contributed to a multi-center trial that resulted in a new FDA-approved treatment.
- Recognized as Employee of the Month for outstanding analytical contributions.

BIOMEDICAL RESEARCH DATA ANALYST

I bring over 6 years of experience in the biomedical research field, specializing in data analytics and statistical modeling to support critical healthcare research. My educational background in biostatistics and hands-on experience in clinical trials have equipped me with the necessary skills to analyze and interpret complex datasets. I have effectively collaborated with interdisciplinary teams to enhance research methodologies and ensure the accuracy of data reporting.

WORK EXPERIENCE

BIOMEDICAL RESEARCH DATA ANALYST
Advanced BioResearch Labs

2020 - 2025

- Analyzed clinical trial data for efficacy and safety of new treatments.
- Implemented statistical models to predict patient outcomes and improve trial designs.
- Collaborated with research teams to refine data collection protocols.
- Presented analytical findings to stakeholders, influencing study direction.
- Managed databases and ensured data integrity throughout research processes.
- Published findings in peer-reviewed journals, enhancing organizational reputation.

CLINICAL TRIAL ASSISTANT
Unity Health Research Institute

2015 - 2020

- Supported the planning and execution of clinical trials, ensuring adherence to protocols.
- Coordinated data entry and management for clinical research studies.
- Provided assistance in statistical analysis using SPSS and R.
- Worked with researchers to identify and resolve data discrepancies.
- Facilitated communication among team members to enhance collaboration.
- Helped prepare documentation for regulatory submissions.
