🎓 EDUCATION

Master of Science in Health Sciences

University of Technology
2016-2020

⭐ SKILLS

- Online Course Development
- Multimedia Resources
- Student Engagement
- Collaborative Learning
- Educational Technology
- Curriculum Improvement

🌐 LANGUAGES

- English
- Spanish
- French

💼 WORK EXPERIENCE

Lecturer in Biomedical Sciences   2020-2023

Tech University

- Developed and delivered an online course in human genetics that attracted over 300 students.
- Utilized multimedia tools to create engaging lecture materials and interactive quizzes.
- Implemented student feedback mechanisms to enhance course content and delivery.
- Conducted workshops on the use of technology in education for faculty and teaching assistants.
- Collaborated with industry partners to provide students with real-world case studies.
- Advised student clubs focused on health sciences and technology integration.

Teaching Assistant   2019-2020

Local Community College

- Assisted in teaching introductory courses in biological sciences, enhancing student understanding.
- Provided support for online course delivery, ensuring accessibility for all students.
- Helped organize educational events to engage the local community in science education.
- Evaluated student assessments and provided feedback for improvement.
- Facilitated group study sessions to promote collaborative learning.
- Participated in curriculum development discussions to enhance course offerings.

★ ACHIEVEMENTS

- Received 'Innovative Teaching Award' in 2020 for excellence in online education.
- Increased online course enrollment by 50% through targeted marketing strategies.
- Successfully organized a local health fair that raised awareness about biomedical careers.
