WORK EXPERIENCE

Biomedical Waste Safety Officer 2020-2023
SafeCare Health Services

- Ensured compliance with local and federal biomedical waste regulations through regular audits.
- Conducted training sessions for staff on safe waste handling and disposal practices.
- Monitored waste disposal processes to identify potential hazards and compliance issues.
- Collaborated with healthcare teams to develop best practices for waste management.
- Prepared and maintained documentation for regulatory compliance audits.
- Engaged with local communities to raise awareness about safe waste disposal.

Environmental Health Coordinator 2019-2020
City Health Authority

- Coordinated health and safety initiatives focused on waste management within the community.
- Conducted inspections of healthcare facilities to assess waste management practices.
- Developed educational materials to promote awareness of waste disposal issues.
- Collaborated with local agencies to ensure compliance with environmental regulations.
- Prepared reports on waste management effectiveness for city officials.
- Facilitated community workshops on the importance of responsible waste disposal.

ACHIEVEMENTS

- Improved compliance rates by 30% through effective training and awareness programs.
- Received recognition for outstanding service in promoting environmental health.
- Developed a community engagement program that increased public participation in waste management initiatives.
