EXPERTISE SKILLS

- Biotherapeutics
- Regulatory Compliance
- HPLC
- SEC
- Team Leadership
- Analytical Method Development

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Ph.D. in Chemistry, Institute of Advanced Studies

MICHAEL ANDERSON

PRINCIPAL BIOPHYSICAL CHEMIST

I am a results-oriented Biophysical Chemist with over 10 years of experience in the biotechnology sector, focusing on the development of biotherapeutics. My expertise lies in integrating biophysical techniques with biological assays to enhance the evaluation of drug candidates. I have played a pivotal role in several drug development projects, translating laboratory findings into viable therapeutic products.

PROFESSIONAL EXPERIENCE

BioPharma Inc.

Mar 2018 - Present

Principal Biophysical Chemist

- Directed research projects focused on biophysical characterization of biologics.
- Oversaw the development of analytical methods for product testing.
- Collaborated with regulatory teams to ensure compliance with FDA standards.
- Optimized laboratory workflows to increase efficiency by 25%.
- Mentored team members in advanced biophysical techniques.
- Presented data to executive leadership, influencing strategic decisions.

Genetics Research Corp.

Dec 2015 - Jan 2018

Biophysical Chemist

- Conducted stability studies for monoclonal antibodies.
- Utilized SEC and HPLC for purification and analysis of samples.
- Developed assays to assess the efficacy of drug formulations.
- Participated in cross-functional teams to advance product development.
- Maintained accurate laboratory records and documentation.
- Contributed to regulatory submissions with analytical data support.

ACHIEVEMENTS

- Led a team that successfully launched three biotherapeutic products.
- Increased laboratory productivity by 40% through workflow optimization.
- Awarded 'Innovative Leader' in 2021 by industry peers.
