SKILLS

- Quality assurance
- Process validation
- Project management
- Risk assessment
- Continuous improvement
- Team leadership

EDUCATION

MASTER OF SCIENCE IN CHEMICAL ENGINEERING, MASSACHUSETTS INSTITUTE OF TECHNOLOGY, 2013

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Successfully led a project that improved process compliance by 30%.
- Published research on bioprocess validation in a peer-reviewed journal.
- Recipient of the 'Outstanding Employee Award' for excellence in quality assurance.

Michael Anderson

BIOPROCESS QUALITY ENGINEER

Accomplished Bioprocess Engineer with a focus on product development and quality assurance, boasting over 9 years of experience in the pharmaceutical industry. Expertise in developing and validating bioprocesses for therapeutic proteins, ensuring compliance with rigorous industry standards. Proficient in project management, with a history of leading teams through complex projects and achieving successful outcomes.

EXPERIENCE

BIOPROCESS QUALITY ENGINEER

Therapeutics Inc.

2016 - Present

- Developed and validated bioprocesses for multiple therapeutic proteins, ensuring compliance with quality standards.
- Led cross-functional teams in process improvement initiatives that enhanced product quality.
- Conducted risk assessments and implemented corrective actions for process deviations.
- Maintained comprehensive documentation to support regulatory submissions.
- Trained staff on quality assurance principles and best practices.
- Engaged in continuous monitoring of production processes to ensure quality compliance.

BIOPROCESS ENGINEER

PharmaTech Corp

2014 - 2016

- Supported the development of bioprocesses for monoclonal antibody production.
- Optimized downstream processes to improve yield and purity of final products.
- Collaborated with QA teams to ensure processes met regulatory standards.
- Monitored and reported on process performance metrics to senior management.
- Participated in technology transfer activities to enhance production capabilities.
- Maintained a focus on continuous improvement initiatives across projects.
