### SKILLS

- ethical frameworks
- compliance oversight
- training facilitation
- stakeholder engagement
- policy advisory
- research collaboration

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER'S IN BIOETHICS AND LAW,  
UNIVERSITY OF ETHICAL STUDIES**

### ACHIEVEMENTS

- Developed comprehensive ethical guidelines adopted by multiple research institutions.
- Recognized for excellence in bioethics with the National Ethics Award.
- Increased compliance rates by 50% through targeted training initiatives.

### WORK EXPERIENCE

#### SENIOR BIOETHICS SPECIALIST

Biotech Ethics Network

2020 - 2025

- Led the development of ethical frameworks for biotechnological research.
- Conducted ethical reviews of major biotechnological initiatives.
- Facilitated training sessions for researchers on ethical practices.
- Engaged with stakeholders to discuss ethical implications of projects.
- Published guidelines on ethical compliance for research institutions.
- Collaborated with regulatory agencies to enhance ethical standards.

#### ETHICS POLICY ADVISOR

Global Biotechnology Organization

2015 - 2020

- Advised on the development of ethical policies for biotechnology.
- Reviewed compliance with international ethical standards.
- Conducted workshops on ethical issues in biotechnology.
- Authored policy papers on ethical implications of biotechnological advancements.
- Participated in international forums discussing biotechnology ethics.
- Provided expert testimony on ethical challenges in biotechnology.
