- French

EDUCATION

**M.S. IN BIOTECHNOLOGY
MANAGEMENT, UNIVERSITY OF
BUSINESS AND TECHNOLOGY**

ACHIEVEMENTS

- Increased program enrollment by 35% through strategic marketing initiatives.
- Received 'Best Practice Award' from the National Biotechnology Education Council in 2023.
- Implemented an internship program resulting in a 60% job placement rate for graduates.

WORK EXPERIENCE

BIOTECHNOLOGY PROGRAM DIRECTOR

Advanced Biotechnology Institute

2020 - 2025

- Oversaw the development and implementation of biotechnology programs across multiple campuses.
- Established partnerships with biotech firms to facilitate internships and job placements.
- Implemented a data-driven approach to evaluate program effectiveness and student satisfaction.
- Developed strategic initiatives to increase program visibility and enrollment.
- Led faculty training sessions on best practices in biotechnology education.
- Advocated for ethical standards and practices in biotechnology education.

BIOTECHNOLOGY CURRICULUM DEVELOPER

National Community College

2015 - 2020

- Designed curricula that integrate theoretical knowledge with practical applications in biotechnology.
- Collaborated with faculty to develop assessment tools that measure student learning outcomes.
- Facilitated workshops on innovative teaching strategies and curriculum development.
- Engaged with students to gather feedback for continuous improvement of courses.
- Coordinated industry visits and guest lectures to enhance student learning experiences.
- Promoted diversity and inclusion within the biotechnology curriculum.
