### EDUCATION

#### M.S. in Clinical Research

Johns Hopkins University  
2016-2020

### SKILLS

- clinical research
- product development
- regulatory compliance
- data analysis
- project coordination
- stakeholder engagement

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Clinical Biotechnology Research Analyst

2020-2023

HealthBio Innovations

- Managed the planning and execution of clinical trials for new therapies.
- Ensured compliance with GCP and regulatory guidelines throughout the research process.
- Coordinated with healthcare professionals to facilitate patient recruitment.
- Analyzed clinical data and prepared reports for regulatory submissions.
- Developed training materials for research staff on trial protocols.
- Presented trial results at clinical research conferences.

#### Biotechnology Research Analyst

2019-2020

LifeScience Research Group

- Conducted preclinical studies to assess therapeutic efficacy.
- Collaborated with regulatory affairs to prepare submission documents.
- Maintained accurate records of laboratory activities and results.
- Engaged in team discussions to optimize research strategies.
- Contributed to publications on clinical research methodologies.
- Participated in the development of new biotechnological products.

### ACHIEVEMENTS

- Successfully managed five clinical trials leading to FDA approvals.
- Received recognition for outstanding contributions to clinical research at HealthBio Innovations.
- Published multiple articles in clinical research journals.
