EXPERTISE SKILLS

- industrial design
- CNC machining
- project management
- quality assurance
- team collaboration
- lean manufacturing

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Industrial Design, University of Cincinnati, 2010

MICHAEL ANDERSON

INDUSTRIAL BRASS DESIGNER

Expert brass craftsman with a rich background in industrial design and metal fabrication, bringing over 12 years of experience in creating functional brass components for various applications. Renowned for a meticulous approach to design and production, ensuring each piece meets rigorous standards of durability and performance. Skilled in employing cutting-edge technology and traditional techniques to enhance the quality and precision of outputs.

PROFESSIONAL EXPERIENCE

Precision Brass Solutions

Mar 2018 - Present

Industrial Brass Designer

- Designed and developed brass components for automotive applications.
- Collaborated with engineers to refine specifications and enhance product functionality.
- Utilized CNC machining processes to ensure precision in all outputs.
- Conducted testing and quality assurance for all produced components.
- Managed project timelines and deliverables to meet client deadlines.
- Trained junior staff on best practices in brass fabrication.

Metalworks Manufacturing Co.

Dec 2015 - Jan 2018

Brass Fabricator

- Produced brass components for consumer products with a focus on quality and efficiency.
- Implemented lean manufacturing techniques that reduced waste by 20%.
- Conducted routine maintenance on machinery to ensure operational reliability.
- Collaborated with the design team to develop new product lines.
- Maintained accurate inventory records for raw materials and finished goods.
- Improved production workflows through innovative problem-solving approaches.

ACHIEVEMENTS

- Streamlined production processes, resulting in a 30% increase in output.
- Recognized for outstanding contributions to product development by industry peers.
- Implemented a training program that enhanced workforce skills and productivity.
