SKILLS

- Breeding Management
- Genetic Analysis
- Team Leadership
- Sustainability Practices
- Data Analysis
- Research Collaboration

EDUCATION

BACHELOR OF SCIENCE IN AQUATIC BIOLOGY, OCEANIC UNIVERSITY, 2011

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Increased broodstock production by 35% through targeted breeding strategies.
- Received 'Outstanding Contribution Award' from the Aquaculture Association in 2019.
- Authored several articles on sustainable aquaculture practices for industry publications.

Michael Anderson

AQUACULTURE PROGRAM MANAGER

A highly skilled Broodstock Management Specialist with over 10 years of experience in aquaculture and broodstock enhancement. Expertise in managing breeding programs and implementing genetic analysis to optimize production and sustainability. Demonstrates a strong ability to collaborate with researchers and industry partners to advance breeding practices and improve aquatic species health.

EXPERIENCE

AQUACULTURE PROGRAM MANAGER

EcoFish Solutions

2016 - Present

- Managed comprehensive breeding programs for multiple species of fish.
- Oversaw genetic analysis and development of breeding strategies.
- Collaborated with stakeholders to enhance sustainability practices.
- Implemented innovative techniques to improve broodstock health and productivity.
- Trained staff on best practices in broodstock management.
- Presented project results to industry groups, promoting knowledge sharing.

BROODSTOCK RESEARCH ASSOCIATE

National Aquaculture Institute

2014 - 2016

- Conducted research on genetic diversity in broodstock populations.
- Assisted in the formulation of breeding protocols for various species.
- Analyzed data to assess breeding outcomes and fish health metrics.
- Collaborated with local fisheries to improve broodstock practices.
- Participated in workshops to share knowledge with industry professionals.
- Maintained accurate records of breeding activities and outcomes.
