SKILLS

- Sustainability
- Renewable Energy Integration
- Project Management
- Data Analysis
- Client Collaboration
- Technical Training

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL ENGINEERING, STATE UNIVERSITY, 2017

ACHIEVEMENTS

- Achieved a 25% reduction in energy consumption for a major client.
- Recognized for contributions to a project awarded the 'Sustainable Innovation' prize.
- Developed a training program adopted company-wide for energy efficiency.

WORK EXPERIENCE

BUILDING AUTOMATION ENGINEER

EcoVision Technologies

2020 - 2025

- Designed and implemented automation systems that integrate renewable energy sources.
- Conducted energy modeling and simulations to assess potential savings.
- Collaborated with clients to develop tailored sustainability strategies.
- Monitored system performance and generated reports for stakeholders.
- Provided ongoing support and training for client personnel.
- Participated in industry conferences to share knowledge and promote best practices.

ASSISTANT BUILDING AUTOMATION ENGINEER

Green Building Solutions

2015 - 2020

- Assisted in the deployment of energy-efficient building systems across multiple sites.
- Performed routine inspections and maintenance of automation systems.
- Supported project managers in tracking project progress and deliverables.
- Engaged in data collection and analysis to inform design improvements.
- Facilitated communication between clients and technical teams.
- Contributed to the development of sustainability reports for clients.
