SKILLS

- Mechanical Systems
- HVAC Controls
- Project Management
- Troubleshooting
- Technical Support
- Documentation

EDUCATION

BACHELOR OF SCIENCE IN MECHANICAL ENGINEERING, TECH UNIVERSITY, 2016

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Improved system efficiency by 20% through strategic upgrades.
- Received commendation for exceptional problem-solving skills from management.
- Successfully completed multiple projects on time and within budget.

Michael Anderson

BUILDING AUTOMATION ENGINEER

Dedicated Building Automation Engineer with a strong foundation in mechanical systems and automation technology. Over 6 years of experience in the design, installation, and maintenance of building systems that enhance operational efficiency. Adept at utilizing advanced software tools for system monitoring and diagnostics. Proven ability to work collaboratively with diverse teams to achieve project goals within set timelines.

EXPERIENCE

BUILDING AUTOMATION ENGINEER

FutureTech Automation

2016 - Present

- Designed automation systems tailored to client specifications for commercial buildings.
- Installed and configured HVAC control systems to optimize performance.
- Conducted system diagnostics and troubleshooting to resolve issues promptly.
- Collaborated with contractors to ensure compliance with design specifications.
- Managed project documentation and reporting for stakeholders.
- Provided technical support and training to building staff.

MECHANICAL ENGINEER

Industrial Systems Corp

2014 - 2016

- Supported the design and maintenance of mechanical systems in industrial settings.
- Performed assessments to ensure systems met operational standards.
- Participated in the installation of automation components in machinery.
- Engaged in troubleshooting to minimize downtime.
- Developed maintenance schedules to prolong equipment lifespan.
- Assisted in project planning and execution for system upgrades.
