- French

### EDUCATION

**BACHELOR OF ENGINEERING IN ELECTRICAL ENGINEERING, STATE UNIVERSITY, 2014**

### ACHIEVEMENTS

- Awarded 'Employee of the Month' twice for exceptional performance on key projects.
- Contributed to a project that received a 'Green Building' certification for sustainable practices.
- Successfully reduced electrical consumption by 20% through system upgrades and automation.

### PROFILE

Results-driven Building Services Engineer with 8 years of experience specializing in the design and maintenance of electrical systems in large commercial properties. I possess a deep understanding of electrical codes and standards, which I apply to ensure safety and regulatory compliance in all projects. My experience includes managing electrical installations and upgrades, as well as troubleshooting complex systems to minimize downtime.

### EXPERIENCE

#### ELECTRICAL BUILDING SERVICES ENGINEER

##### Tech Innovations Group

*2016 - Present*

- Designed and implemented electrical systems for new commercial building projects.
- Conducted system testing and inspections to ensure compliance with safety regulations.
- Collaborated with architects to integrate electrical layouts into building designs.
- Managed electrical upgrade projects that improved efficiency and safety in existing buildings.
- Provided technical support and training for maintenance teams on electrical systems.
- Utilized CAD software to create detailed electrical schematics and documentation.

#### JUNIOR ELECTRICAL ENGINEER

##### Urban Development Corp

*2014 - 2016*

- Assisted in the design and installation of electrical systems in residential complexes.
- Performed regular inspections and maintenance of electrical equipment to ensure functionality.
- Contributed to project planning meetings, providing input on electrical requirements.
- Monitored project timelines and budgets, reporting on progress to senior management.
- Developed user manuals for newly installed electrical systems for client reference.
- Participated in safety training sessions to enhance workplace safety culture.
