MICHAEL ANDERSON

SENIOR BUILDING SERVICES ENGINEER - HEALTHCARE

Dynamic Building Services Engineer with over 12 years of experience in the healthcare sector, focusing on the design and maintenance of building systems in hospitals and medical facilities. I have a strong background in mechanical systems, including HVAC and plumbing, which are critical for maintaining a safe and comfortable environment for patients and staff.

PROFESSIONAL EXPERIENCE

Metro Health Systems

Mar 2018 - Present

Senior Building Services Engineer - Healthcare

- Designed and maintained HVAC and plumbing systems for multiple hospital facilities.
- Led renovation projects that improved energy efficiency and patient comfort.
- Coordinated with medical staff to ensure building systems met operational needs.
- Conducted regulatory compliance audits and implemented corrective actions.
- Managed a team of engineers and technicians, fostering a culture of safety and excellence.
- Developed emergency response plans for critical building systems.

Wellness Medical Center

Dec 2015 - Jan 2018

Building Services Engineer

- Oversaw the operation and maintenance of building systems in a 500-bed facility.
- Implemented preventive maintenance programs that reduced downtime by 30%.
- Collaborated on energy audits that identified areas for cost savings.
- Provided training to staff on the operation of building systems and emergency procedures.
- Assisted in the planning of new construction projects, ensuring compliance with healthcare standards.
- Developed relationships with vendors to streamline procurement of maintenance supplies.

ACHIEVEMENTS

- Recognized for excellence in project management during the renovation of a major hospital wing.
- Achieved a 25% reduction in energy costs through system upgrades and efficient practices.
- Developed a comprehensive training program for staff that improved emergency response times.
