EDUCATION

**BACHELOR OF SCIENCE IN
ENVIRONMENTAL ENGINEERING,
GREEN UNIVERSITY, 2013**

ACHIEVEMENTS

- Successfully led a project that achieved LEED Platinum certification for a commercial building.
- Awarded 'Sustainability Champion' for innovative energy-saving solutions.
- Increased client satisfaction ratings by 30% through improved project delivery.

Experienced Building Services Engineer with a specialization in sustainability and green building practices, bringing over 9 years of experience in the construction industry. I am passionate about integrating eco-friendly solutions into building designs and operations, and I have successfully led projects focused on LEED certification and energy-efficient systems. My technical know-how spans HVAC, electrical, and plumbing systems, allowing me to take a holistic approach to building services engineering.

WORK EXPERIENCE

SUSTAINABILITY BUILDING SERVICES ENGINEER

EcoBuild Solutions

2020 - 2025

- Led design and implementation of energy-efficient systems for green building projects.
- Conducted feasibility studies to assess sustainability options for new developments.
- Collaborated with design teams to ensure compliance with LEED certification requirements.
- Implemented strategies that reduced energy consumption by 35% in existing buildings.
- Provided training on sustainable practices to engineering teams and clients.
- Monitored project performance and reported on sustainability metrics to stakeholders.

BUILDING SERVICES ENGINEER

GreenLand Construction

2015 - 2020

- Assisted in the design and execution of green building initiatives in residential projects.
- Performed energy audits and recommended upgrades to improve efficiency.
- Collaborated with local municipalities to ensure compliance with environmental regulations.
- Developed energy-saving programs that led to a 20% decrease in operating costs.
- Participated in community outreach programs to promote sustainable practices.
- Maintained documentation for all sustainability efforts to support reporting requirements.
