Michael Anderson

BUILDING SERVICES ENGINEER - EDUCATION

Proficient Building Services Engineer with 7 years of experience in the education sector, focused on the management of building systems in schools and universities. My role has involved ensuring that facilities are safe, functional, and conducive to learning environments. I have extensive experience in HVAC, plumbing, and electrical systems, which are essential for maintaining the comfort of students and staff.

EXPERIENCE

BUILDING SERVICES ENGINEER - EDUCATION

Bright Future Academy

2016 - Present

- Managed the operation and maintenance of building systems across multiple school campuses.
- Coordinated renovation projects to update outdated HVAC and plumbing systems.
- Worked closely with school administrators to ensure building systems met educational needs.
- Conducted regular inspections to maintain compliance with safety regulations.
- Implemented energy-saving initiatives that reduced operational costs by 15%.
- Trained maintenance staff on best practices for equipment handling and repairs.

JUNIOR BUILDING ENGINEER

City School District

2014 - 2016

- Assisted in the maintenance of building systems in a large urban school district.
- Performed routine inspections and scheduled maintenance for HVAC units.
- Collaborated with contractors on renovation projects to upgrade facilities.
- Provided technical support for school staff regarding building system operations.
- Participated in safety drills and emergency preparedness training.
- Documented all maintenance work for compliance and reporting purposes.
