# MICHAEL ANDERSON

## SENIOR BUSINESS INTELLIGENCE ANALYST

Detail-oriented Business Intelligence Analyst with over 8 years of experience in the healthcare sector. Highly skilled in data extraction, analysis, and reporting, with a strong focus on improving patient outcomes and operational efficiency. Proficient in using tools like SAS and Tableau to visualize health data and derive insights that inform clinical decisions.

## PROFESSIONAL EXPERIENCE

### Health Solutions Corp.                    *Mar 2018 - Present*
Senior Business Intelligence Analyst

- Designed and implemented dashboards to track patient care metrics and operational KPIs.
- Conducted data mining and analysis to identify trends in patient outcomes, leading to improved treatment protocols.
- Collaborated with clinical teams to develop data-driven strategies for enhancing care delivery.
- Utilized SAS for advanced statistical analysis and predictive modeling.
- Presented findings to healthcare executives, influencing policy changes.
- Trained new analysts on healthcare data management and BI tools.

### MedAnalytics                    *Dec 2015 - Jan 2018*
Business Intelligence Analyst

- Analyzed healthcare data to identify cost-saving opportunities, achieving a 15% reduction in expenses.
- Created reports on patient demographics and treatment outcomes to inform strategic planning.
- Utilized Tableau to visualize data trends and present findings to stakeholders.
- Developed methodologies for data collection and analysis, enhancing data quality.
- Supported cross-functional teams in data-related projects to improve service delivery.
- Maintained compliance with healthcare regulations in data management practices.

## ACHIEVEMENTS

- Awarded the Excellence in Data Analysis for improving patient care metrics.
- Led a project that enhanced data reporting efficiency by 35%.
- Recognized for developing strategies that improved patient satisfaction scores by 20%.
