MICHAEL ANDERSON

LEAD BUSINESS INTELLIGENCE DEVELOPER

Detail-oriented Business Intelligence Developer with over 8 years of experience in the finance sector, specializing in risk analysis and reporting. My expertise in advanced analytics tools such as SAS and R, combined with a strong understanding of financial principles, enables me to provide actionable insights that support risk management strategies. I am proficient in designing complex dashboards that visualize risk metrics, ensuring transparency and compliance.

PROFESSIONAL EXPERIENCE

Global Finance Corp.   *Mar 2018 - Present*
Lead Business Intelligence Developer

- Designed and implemented risk dashboards using SAS, enhancing visibility into financial exposures.
- Conducted in-depth risk assessments that led to a 25% reduction in exposure levels.
- Collaborated with compliance teams to ensure adherence to regulatory requirements.
- Automated reporting processes, decreasing report generation time by 50%.
- Provided analytics support for financial forecasting and budgeting processes.
- Mentored junior analysts in best practices for data analysis and visualization.

Capital Analytics Group   *Dec 2015 - Jan 2018*
Business Intelligence Analyst

- Analyzed financial data to identify trends and anomalies for risk mitigation.
- Developed SQL queries to extract insights from large datasets, improving reporting accuracy.
- Worked with stakeholders to understand reporting needs and deliver tailored solutions.
- Participated in the development of risk management frameworks based on data insights.
- Presented findings to executive leadership, influencing strategic decisions.
- Contributed to team efforts in improving data governance practices.

ACHIEVEMENTS

- Achieved a 15% reduction in compliance breaches through enhanced data reporting.
- Received recognition for outstanding performance in risk assessment projects.
- Led a team initiative that improved data accuracy by implementing new validation protocols.
