MICHAEL ANDERSON

PRODUCT CAD ENGINEER

Creative CAD Engineer with 4 years of experience in the consumer electronics industry, specializing in product design and development. Expertise in using Autodesk Inventor and SolidWorks to create functional and aesthetic designs that meet market demands. Strong understanding of materials and manufacturing processes, enabling effective collaboration with production teams. Demonstrated ability to improve product designs based on user feedback and testing results.

PROFESSIONAL EXPERIENCE

GadgetWorks Ltd.

Mar 2018 - Present

Product CAD Engineer

- Designed and modeled consumer electronic devices using Autodesk Inventor.
- Collaborated with marketing teams to align designs with consumer needs.
- Conducted user testing and feedback sessions to refine product designs.
- Worked with suppliers to evaluate materials for cost-effectiveness and durability.
- Implemented design improvements that enhanced user experience by 30%.
- Created detailed documentation for manufacturing processes and assembly instructions.

Innovative Gadgets Inc.

Dec 2015 - Jan 2018

Junior Product Designer

- Assisted in the design of innovative electronic products from concept to production.
- Prepared CAD models for prototypes and production runs.
- Participated in brainstorming sessions to generate new product ideas.
- Collaborated with engineers to ensure designs met technical specifications.
- Conducted market research to inform design decisions.
- Supported quality assurance efforts by reviewing product designs for manufacturability.

ACHIEVEMENTS

- Successfully launched a product that achieved \$1M in sales within the first quarter.
- Received 'Best Design' award at the annual product showcase.
- Improved design turnaround time by 20% through process optimization.
