EDUCATION

Master of Science in Agricultural Sustainability

University of California Davis; Bachelor of Science in Environmental Science

SKILLS

- agricultural sustainability
- carbon footprint analysis
- stakeholder engagement
- data analysis
- community outreach
- environmental impact assessment

LANGUAGES

- English
- Spanish
- French

Experienced Carbon Performance Analyst dedicated to advancing sustainability initiatives within the agricultural sector. Expertise in assessing and optimizing carbon footprints associated with agricultural practices and land use. Proven track record in collaborating with farmers and agribusinesses to implement sustainable practices that enhance productivity while minimizing environmental impact. Strong analytical skills combined with a deep understanding of agricultural systems and climate change impacts.

💼 WORK EXPERIENCE

Sustainability Coordinator
2020-2023

AgriGreen Solutions

- Assessed carbon emissions from agricultural operations and land use.
- Developed sustainability programs tailored to farming practices.
- Collaborated with farmers to implement carbon reduction techniques.
- Conducted workshops to educate stakeholders on sustainable agriculture.
- Monitored and reported on carbon reduction progress.
- Engaged with local communities to promote sustainable farming initiatives.

Environmental Consultant
2019-2020

Sustainable AgriTech

- Developed assessments of environmental impact for agricultural projects.
- Conducted research on sustainable practices and carbon management.
- Collaborated with agribusinesses to enhance sustainability efforts.
- Analyzed data to identify opportunities for carbon reduction.
- Prepared reports for stakeholders on sustainability outcomes.
- Facilitated community engagement initiatives to promote sustainable agriculture.

★ ACHIEVEMENTS

- Implemented carbon reduction strategies leading to a 15% decrease in emissions among local farms.
- Recognized as 'Sustainability Advocate' by the Agricultural Sustainability Council.
- Developed partnerships with local organizations to promote sustainable practices.
