ACHIEVEMENTS

- Contributed to the passage of landmark carbon legislation that reduced emissions by 25% statewide.
- Awarded 'Best Policy Initiative' by the National Environmental Agency.
- Implemented a training program that increased compliance knowledge among 200+ employees.

PROFILE

Visionary Carbon Regulatory Affairs Manager with a robust track record of driving policy advocacy and compliance in the environmental sector. Expertise in formulating and executing strategic initiatives that not only meet regulatory standards but also promote corporate social responsibility. Strong interpersonal skills facilitate effective collaboration with governmental agencies, NGOs, and industry stakeholders.

EXPERIENCE

DIRECTOR OF REGULATORY AFFAIRS

Sustainable Solutions Group

2016 - Present

- Led the development of regulatory strategies for carbon reduction initiatives.
- Engaged with policymakers to advocate for favorable regulatory frameworks.
- Oversaw compliance audits and ensured adherence to environmental regulations.
- Directed cross-functional teams to implement sustainability projects.
- Established partnerships with environmental organizations for collaborative projects.
- Presented findings to executive leadership, influencing strategic decisions.

POLICY ADVISOR

Global Environmental Network

2014 - 2016

- Researched international carbon policies and their implications for local industries.
- Drafted policy recommendations for government stakeholders.
- Facilitated stakeholder consultations to gather insights on regulatory impacts.
- Analyzed economic data to support policy advocacy efforts.
- Developed communication materials to raise awareness of carbon issues.
- Monitored compliance trends and reported on industry benchmarks.
