# Michael Anderson

## REHABILITATION CAREGIVER

Innovative caregiver specializing in rehabilitation services, with a focus on physical therapy support. Over 6 years of experience in assisting clients recovering from surgery or injury, fostering independence through targeted rehabilitation programs. Expert in implementing exercise regimens and mobility training, while ensuring adherence to safety protocols. Demonstrated ability to motivate clients and track progress towards rehabilitation goals.

## EXPERIENCE

### REHABILITATION CAREGIVER

Rehab Innovations

2016 - Present

- Assisted clients with prescribed physical therapy exercises and mobility training.
- Monitored client progress and reported outcomes to rehabilitation teams.
- Implemented safety protocols to prevent injury during rehabilitation activities.
- Encouraged clients to set and achieve personal rehabilitation goals.
- Maintained accurate documentation of client progress and treatment plans.
- Utilized technology to support remote consultations and follow-ups.

### PHYSICAL THERAPY AIDE

Active Recovery Center

2014 - 2016

- Supported physical therapists in administering treatment plans to clients.
- Prepared treatment areas and assisted with client positioning.
- Maintained equipment and ensured a clean therapy environment.
- Documented client responses to therapy and communicated with therapists.
- Engaged clients in motivating activities to enhance recovery.
- Participated in staff training to improve rehabilitation techniques.
