# MICHAEL ANDERSON

## CERTIFICATION ENGINEER

A dedicated Certification Engineer with a robust background in the automotive sector, bringing over 6 years of experience in product testing and certification processes. Demonstrates expertise in understanding and applying automotive regulations and standards, ensuring that products meet safety and performance criteria. Skilled in coordinating with multidisciplinary teams to achieve certification goals while maintaining project timelines.

## **PROFESSIONAL EXPERIENCE**

### **AutoTech Group**

*Mar 2018 - Present*

Certification Engineer

- Conducted certification testing for automotive components, ensuring compliance with ISO and SAE standards.
- Developed and implemented testing protocols for new product launches.
- Collaborated with R&D teams to assess design changes for certification implications.
- Maintained certification records and documentation for auditing purposes.
- Facilitated training for engineering staff on certification standards and requirements.
- Participated in external audits to verify compliance with industry regulations.

### **Car Innovations Inc.**

*Dec 2015 - Jan 2018*

Junior Certification Engineer

- Assisted in the certification testing of automotive systems and components.
- Supported the development of compliance documentation for regulatory submissions.
- Analyzed test results and prepared reports for review by senior engineers.
- Participated in internal quality audits to ensure adherence to certification processes.
- Coordinated with suppliers to ensure compliance with material specifications.
- Contributed to team meetings focused on improving product certification processes.

## **ACHIEVEMENTS**

- Successfully led a project that resulted in the certification of a new vehicle model ahead of schedule.
- Improved testing efficiency by implementing new software tools for data analysis.
- Recognized as 'Employee of the Month' for outstanding contributions to project success.
