SKILLS

- Project Management
- Quality Assurance
- Risk Management
- Stakeholder Communication
- Compliance
- Team Coordination

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
ENGINEERING MANAGEMENT, GREEN
TECH UNIVERSITY**

ACHIEVEMENTS

- Successfully delivered projects on time and within budget.
- Improved quality assurance processes, resulting in a 15% reduction in defects.
- Recognized for leadership in project management and team collaboration.

WORK EXPERIENCE

PROJECT MANAGER - CHARGING SYSTEMS

Sustainable Energy Corp

2020 - 2025

- Managed multiple projects focused on the development of charging infrastructure.
- Coordinated with stakeholders to define project scope and objectives.
- Oversaw quality assurance processes to ensure compliance with standards.
- Facilitated communication between engineering teams and clients.
- Prepared project status reports and presentations for management.
- Implemented risk management strategies to mitigate potential issues.

QUALITY ASSURANCE ENGINEER

Renewable Energy Solutions

2015 - 2020

- Conducted quality assessments on charging systems and components.
- Developed testing protocols to evaluate system performance.
- Collaborated with engineering teams to resolve quality issues.
- Maintained documentation for quality assurance processes.
- Provided training to staff on quality control standards.
- Participated in audits and compliance checks.
