

Michael ANDERSON

CHASSIS ENGINEERING MANAGER

A results-driven Chassis Engineer with a robust background in the commercial vehicle industry, offering over 12 years of experience in chassis design and development. Proficient in employing state-of-the-art engineering tools to create efficient and reliable chassis systems. Expertise in managing large-scale projects, ensuring timely delivery and adherence to budget constraints.

SKILLS

- Commercial Vehicle Engineering
- Project Management
- CAD
- Team Leadership
- Regulatory Compliance
- Risk Management

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
MECHANICAL ENGINEERING,
UNIVERSITY OF CALIFORNIA,
BERKELEY, 2009**

ACHIEVEMENTS

- Successfully launched a new line of commercial trucks with enhanced chassis design.
- Achieved a 25% reduction in production costs through process improvements.
- Recognized as 'Employee of the Year' for outstanding project leadership.

WORK EXPERIENCE

CHASSIS ENGINEERING MANAGER

Heavy Duty Trucks Inc.

2020 - 2025

- Oversaw the design and development of chassis systems for commercial trucks.
- Led a team of engineers in optimizing chassis performance and reliability.
- Implemented project management methodologies to enhance efficiency.
- Collaborated with manufacturing teams to streamline production processes.
- Ensured compliance with industry regulations and standards.
- Conducted risk assessments and developed mitigation strategies.

SENIOR CHASSIS DESIGNER

Fleet Solutions Corp.

2015 - 2020

- Designed heavy-duty chassis systems for various vehicle applications.
- Utilized CAD software for detailed design and analysis.
- Managed relationships with suppliers for component sourcing.
- Conducted testing to validate design specifications.
- Prepared technical reports and documentation for stakeholders.
- Participated in cross-departmental meetings to align project goals.
