EXPERTISE SKILLS

- automation technology
- SCADA
- FDA compliance
- quality assurance
- process optimization
- troubleshooting

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Chemical Engineering, Health University

MICHAEL ANDERSON

AUTOMATION ENGINEER

Dynamic Chemical Automation Engineer with 5 years of experience in the pharmaceutical sector. My expertise lies in developing and implementing automation solutions that enhance productivity and compliance in drug manufacturing processes. I have a solid understanding of regulatory requirements and quality assurance practices within the industry. My experience includes working with cross-functional teams to streamline operations and improve system integration.

PROFESSIONAL EXPERIENCE

PharmaTech Solutions

Mar 2018 - Present

Automation Engineer

- Designed automated systems for tablet production, enhancing throughput by 20%.
- Implemented SCADA systems for real-time monitoring of production lines.
- Collaborated with QA teams to ensure compliance with FDA regulations.
- Conducted training for operators on new automation equipment.
- Optimized batch processing systems to reduce cycle times.
- Performed routine maintenance and troubleshooting of automation systems.

MediChem Corp.

Dec 2015 - Jan 2018

Junior Automation Engineer

- Assisted in the development of control systems for drug formulation processes.
- Conducted testing and validation of automated systems.
- Documented procedures and maintained control system integrity.
- Supported the integration of new technologies into existing operations.
- Participated in risk assessments and compliance audits.
- Provided technical support to production teams as needed.

ACHIEVEMENTS

- Improved production line efficiency by 15% through automation enhancements.
- Received 'Employee of the Month' for outstanding contributions to project success.
- Contributed to a successful FDA audit by ensuring compliance of automated systems.
