

# MICHAEL ANDERSON

## Quality Assurance Manager

Proactive Chemical Quality Specialist with a solid background in the aerospace industry, bringing over 9 years of experience in quality assurance and compliance. Expert in developing and managing quality control programs that ensure adherence to stringent industry standards. Skilled in conducting audits, inspections, and risk assessments, with a focus on continuous improvement and operational excellence.

### WORK EXPERIENCE

#### Quality Assurance Manager

2020-2023

AeroTech Systems

- Developed quality assurance programs to meet aerospace regulatory requirements.
- Conducted audits and inspections to ensure compliance with AS9100 standards.
- Collaborated with engineering teams to resolve quality issues effectively.
- Managed CAPA processes, leading to significant reductions in non-conformities.
- Trained staff on quality management principles to improve overall performance.
- Implemented a new quality control system that increased efficiency by 20%.

#### Quality Control Engineer

2019-2020

SkyHigh Innovations

- Performed quality inspections on aerospace components to ensure compliance with safety standards.
- Documented findings and initiated corrective actions for quality deviations.
- Participated in continuous improvement projects to enhance manufacturing processes.
- Utilized advanced measurement techniques to assess component quality.
- Assisted in developing training materials for quality management systems.
- Supported internal audits, contributing to successful compliance outcomes.

### ACHIEVEMENTS

- Achieved a 35% reduction in non-conformities through effective quality initiatives.
- Recognized for excellence in quality management and leadership.
- Led a project that improved audit outcomes significantly.
