### ACHIEVEMENTS

- Increased access to maternal and child health services by 25% through targeted outreach efforts.
- Awarded 'Community Health Champion' for impactful work in underserved populations.
- Implemented a successful health education program that reached over 5,000 families.

Dedicated Child Health Program Officer with significant experience in public health initiatives targeting vulnerable populations. Specializes in maternal and child health programs with a focus on reducing health disparities. Proven ability to analyze community health needs and develop tailored interventions that promote health equity. Skilled in fostering collaborative relationships with diverse stakeholders, including government agencies, non-profits, and community groups.

### WORK EXPERIENCE

#### MATERNAL AND CHILD HEALTH COORDINATOR

Community Health Services

2020 - 2025

- Developed and implemented maternal and child health programs addressing local health disparities.
- Conducted community health assessments to identify priority areas for intervention.
- Managed partnerships with community organizations to enhance program reach.
- Trained healthcare providers on culturally competent care practices.
- Monitored program implementation and evaluated health outcomes.
- Facilitated focus groups to gather feedback from community members.

#### CHILD HEALTH OUTREACH WORKER

Health Access Network

2015 - 2020

- Conducted outreach activities to connect families with healthcare resources.
- Educated families on preventive health measures and available services.
- Assisted in the development of marketing materials for health programs.
- Organized health fairs to promote child health services.
- Collaborated with local schools to provide health education to students.
- Tracked outreach efforts and reported on program effectiveness.
