MICHAEL ANDERSON

CHILD NUTRITION POLICY MANAGER

Accomplished Child Nutrition Program Manager specializing in policy advocacy and program implementation within educational settings. Expertise in navigating the complexities of federal and state nutrition regulations while driving initiatives that enhance child health outcomes. Possesses a comprehensive understanding of food service operations, menu planning, and nutritional education. Proven ability to cultivate relationships with stakeholders, including government agencies, non-profits, and educational institutions, to foster collaboration and resource sharing.

PROFESSIONAL EXPERIENCE

National Food Policy Council

Mar 2018 - Present

Child Nutrition Policy Manager

- Led initiatives to advocate for child nutrition policies at the local, state, and national levels.
- Collaborated with legislators to draft and promote legislation supporting child nutrition.
- Conducted research and analysis on nutrition policy impacts on children's health.
- Facilitated community engagement sessions to gather input on nutrition initiatives.
- Developed policy briefs and reports to inform stakeholders and guide decision-making.
- Managed coalitions of organizations working towards common nutrition goals.

Health and Human Services Department

Dec 2015 - Jan 2018

Nutrition Program Analyst

- Analyzed data from child nutrition programs to assess compliance and effectiveness.
- Provided recommendations for program improvements based on data findings.
- Developed training materials for regional coordinators on nutrition guidelines.
- Collaborated with local health departments to promote nutrition outreach initiatives.
- Engaged in public speaking to raise awareness about child nutrition issues.
- Participated in national conferences to share best practices and research findings.

ACHIEVEMENTS

- Successfully influenced the passage of key legislation improving child nutrition funding.
- Recognized as a leading advocate for child nutrition by several non-profit organizations.
- Published research on the effects of nutrition policies on child health outcomes in peer-reviewed journals.
