

MICHAEL ANDERSON

BIM COORDINATOR

PROFILE

Results-driven Civil BIM Engineer with over 5 years of experience specializing in residential and commercial building projects. My focus on integrating sustainable practices within BIM workflows has led to the successful delivery of projects that not only meet but exceed client expectations. I possess strong analytical skills and a keen eye for detail, allowing me to identify potential issues before they arise.

EXPERIENCE

BIM COORDINATOR

Green Build Corp

2016 - Present

- Coordinated the BIM efforts for a \$50M mixed-use development, enhancing collaboration among project stakeholders.
- Applied sustainable design principles in BIM modeling to ensure compliance with LEED certification requirements.
- Facilitated weekly design meetings to address project challenges and enhance team communication.
- Utilized ArchiCAD to produce 3D visualizations, aiding in client presentations and design approvals.
- Streamlined the project workflow by introducing a BIM execution plan that improved project delivery timelines.
- Conducted quality control checks on BIM models to ensure accuracy and adherence to project specifications.

JUNIOR BIM ENGINEER

Urban Design Associates

2014 - 2016

- Assisted in the development of detailed models for a high-rise residential complex, improving project efficiency.
- Engaged in clash detection processes, reducing potential rework during construction.
- Updated project stakeholders on the BIM progress and modifications through regular reporting.
- Collaborated with the design team to integrate architectural and structural elements into the BIM model.
- Enhanced the visual representation of project plans through effective use of rendering tools.
- Maintained project files and documentation, ensuring accessibility for all team members.
