- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE, STANFORD UNIVERSITY

ACHIEVEMENTS

- Facilitated a 15% reduction in project costs through data optimization strategies.
- Recipient of the 'Rising Star' award for outstanding performance in data analytics.
- Contributed to a publication on the impact of data analytics in renewable energy.

PROFILE

Strategic Clean Technology Data Analyst specializing in the integration of advanced analytics within the renewable energy sector. Possesses a robust background in statistical analysis and data modeling, combined with a keen insight into environmental sustainability practices. Demonstrated ability to synthesize complex data sets into coherent strategies that promote eco-friendly initiatives and drive organizational growth.

EXPERIENCE

DATA SCIENCE CONSULTANT

EcoTech Analytics

2016 - Present

- Designed and implemented data models to evaluate the effectiveness of clean energy solutions.
- Utilized R and Python to analyze environmental datasets for actionable insights.
- Collaborated with clients to develop tailored analytics strategies for sustainability.
- Conducted workshops to educate teams on data-driven decision-making in clean tech.
- Managed project timelines and deliverables to ensure successful outcomes.
- Presented analytical findings at industry conferences, enhancing corporate visibility.

JUNIOR DATA ANALYST

Renewable Energy Corp.

2014 - 2016

- Assisted in the collection and analysis of data related to solar energy projects.
- Developed reports detailing energy usage patterns and potential savings.
- Utilized Excel for data manipulation and preliminary analysis.
- Supported senior analysts in preparing presentations for key stakeholders.
- Contributed to the development of a new data management system.
- Participated in team meetings to strategize data-driven initiatives.
