### SKILLS

- Data Management
- SQL
- Excel
- Data Visualization
- Research
- Community Outreach

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN ENVIRONMENTAL STUDIES,  
UNIVERSITY OF FLORIDA**

### ACHIEVEMENTS

- Contributed to a project that reduced carbon emissions by 10%.
- Named 'Employee of the Month' for outstanding performance in data analysis.
- Published a paper on the environmental impacts of energy consumption.

### WORK EXPERIENCE

#### DATA ANALYTICS SPECIALIST

Green Future Technologies

2020 - 2025

- Managed data collection and analysis for clean energy projects.
- Developed dashboards to track key performance indicators for sustainability.
- Utilized SQL and Excel for data manipulation and analysis.
- Collaborated with marketing teams to promote data-driven sustainability initiatives.
- Conducted training sessions on data management best practices.
- Assisted in the preparation of grant applications based on data insights.

#### RESEARCH ASSISTANT

Environmental Research Institute

2015 - 2020

- Supported research projects focused on renewable energy technologies.
- Assisted in data collection and analysis for various studies.
- Prepared reports summarizing research findings for publication.
- Engaged in community outreach to promote clean energy solutions.
- Collaborated with researchers to refine data analysis methodologies.
- Participated in workshops on environmental data analysis.
