MICHAEL ANDERSON

ENERGY EFFICIENCY ANALYST

Dynamic and detail-oriented Clean Technology Market Analyst with a strong foundation in energy efficiency and sustainability practices. Expertise in data-driven analysis and market forecasting, with a focus on identifying opportunities to optimize energy consumption and reduce carbon footprint. Proven ability to collaborate with cross-disciplinary teams to develop innovative solutions that align with corporate sustainability goals.

PROFESSIONAL EXPERIENCE

Sustainable Solutions Group

Mar 2018 - Present

Energy Efficiency Analyst

- Evaluated energy consumption data to identify efficiency improvement opportunities.
- Developed actionable recommendations for clients to enhance sustainability practices.
- Collaborated with engineering teams to design energy-saving solutions.
- Presented findings to clients, facilitating informed decision-making.
- Conducted workshops on energy efficiency strategies for corporate clients.
- Monitored regulatory changes affecting energy efficiency standards.

Renewable Strategies Inc.

Dec 2015 - Jan 2018

Market Research Intern

- Assisted in the collection and analysis of market data related to energy efficiency.
- Supported the development of presentations for internal and external stakeholders.
- Conducted surveys to gather insights on consumer energy usage patterns.
- Participated in team meetings to discuss project progress and findings.
- Compiled competitive intelligence reports on energy-efficient technologies.
- Contributed to the development of marketing strategies for new services.

ACHIEVEMENTS

- Achieved a 10% reduction in client energy costs through strategic recommendations.
- Recognized for outstanding performance with an intern award from the company.
- Developed a comprehensive guide on energy-efficient technologies for clients.
