WORK EXPERIENCE

Climate Policy Analyst

2020-2023

United Nations Framework Convention on Climate Change

- Conducted analyses of international climate agreements and their effectiveness.
- Collaborated with member countries to develop strategies for emissions reduction.
- Utilized climate models to project future climate scenarios based on policy implementation.
- Presented analytical findings at global climate summits.
- Developed policy briefs to inform decision-makers on climate action.
- Engaged with stakeholders to foster international cooperation on climate issues.

Research Fellow

2019-2020

World Resources Institute

- Analyzed the impact of national climate policies on global emissions trends.
- Collaborated with experts to assess the effectiveness of renewable energy initiatives.
- Published reports that influenced climate policy at national and international levels.
- Participated in workshops to educate policymakers on climate science.
- Developed models to evaluate the economic impacts of climate policies.
- Secured funding for research initiatives focused on climate mitigation.

ACHIEVEMENTS

- Contributed to the drafting of key international climate agreements.
- Received the Climate Leadership Award for outstanding contributions to climate policy.
- Authored influential publications on the economic impacts of climate policies.
