ACHIEVEMENTS

- Led a climate adaptation initiative that resulted in a 30% increase in organizational resilience.
- Received the 'Excellence in Climate Policy Award' from the National Policy Institute in 2021.
- Contributed to the development of a national framework for climate risk assessment adopted by multiple agencies.

PROFILE

Strategically minded Climate Risk Manager with a robust background in environmental policy and risk analysis, dedicated to advancing corporate sustainability initiatives. Expertise encompasses the identification of climate-related risks and the formulation of strategic responses that align with broader business objectives. Proficient in conducting thorough risk assessments, utilizing quantitative and qualitative methodologies to inform organizational strategies.

EXPERIENCE

CLIMATE RISK PROGRAM DIRECTOR

Sustainable Development Agency

2016 - Present

- Directed climate risk management programs for public and private sector clients.
- Designed and implemented comprehensive risk assessment frameworks.
- Led cross-functional teams in developing adaptation plans for climate resilience.
- Engaged stakeholders through public consultations and workshops.
- Analyzed climate data to inform policy recommendations at the organizational level.
- Monitored and evaluated program effectiveness against established KPIs.

ENVIRONMENTAL POLICY ANALYST

National Environmental Agency

2014 - 2016

- Conducted policy analysis focused on climate change legislation.
- Developed briefing materials for executive leadership on climate risk issues.
- Collaborated with external partners to promote best practices in climate governance.
- Facilitated training for staff on climate risk assessment methodologies.
- Authored reports that shaped national climate action strategies.
- Participated in inter-agency task forces addressing climate adaptation policies.
