## WORK EXPERIENCE

### Agricultural Climate Risk Advisor

2020-2023

Sustainable Agriculture Foundation

- Advised farmers on climate risk management strategies to enhance crop resilience.
- Conducted assessments of climate impacts on local agricultural systems.
- Developed training programs for farmers on sustainable practices.
- Collaborated with research institutions to translate climate data into actionable insights.
- Monitored climate trends and provided recommendations for adaptive farming techniques.
- Authored best practice guides for climate-smart agriculture.

### Climate Resilience Specialist

2019-2020

AgriClimate Solutions

- Developed climate adaptation strategies for agricultural stakeholders.
- Conducted workshops to promote climate-smart agriculture among farmers.
- Collaborated with government agencies to enhance agricultural policy frameworks.
- Utilized GIS tools to assess vulnerability of crops to climatic changes.
- Produced reports on the economic benefits of climate adaptation in agriculture.
- Engaged with community groups to raise awareness of climate impacts on food security.

## ACHIEVEMENTS

- Implemented a climate resilience program that improved crop yields by 20%.
- Awarded 'Innovator of the Year' by the Agricultural Sustainability Council in 2023.
- Developed partnerships that secured funding for climate adaptation projects benefiting local farmers.
