## WORK EXPERIENCE

**Climate Education Advocate** 2020-2023  
Sustainable Schools Network

- Developed educational programs aimed at increasing student awareness of climate change.
- Collaborated with community organizations to implement sustainability initiatives.
- Designed resources for teachers to facilitate climate discussions in the classroom.
- Organized community events to promote environmental literacy.
- Conducted research to evaluate the impact of climate education programs.
- Provided training for educators on best practices in climate instruction.

**Science Teacher** 2019-2020  
Green Valley High School

- Taught integrated science courses with a focus on climate and environmental issues.
- Utilized project-based learning to engage students in real-world problem-solving.
- Facilitated debates and discussions on climate justice and policy.
- Developed partnerships with local environmental organizations for field studies.
- Implemented assessment strategies to evaluate student learning outcomes.
- Encouraged student participation in environmental clubs and initiatives.

## ACHIEVEMENTS

- Launched a successful school-wide recycling initiative that reduced waste by 30%.
- Recognized for contributions to climate education by the State Education Board.
- Led a project that increased student participation in environmental clubs by 50%.
