SKILLS

- Data analytics
- Technology integration
- Fisheries management
- Stakeholder engagement
- Remote sensing
- Policy advocacy

LANGUAGES

- English
- Spanish
- French

EDUCATION

M.SC. IN ENVIRONMENTAL DATA SCIENCE, STANFORD UNIVERSITY

ACHIEVEMENTS

- Created a data analytics platform adopted by 50+ fisheries.
- Secured a grant for technological research in sustainable fisheries.
- Recognized as a leading innovator in fisheries technology in 2022.

WORK EXPERIENCE

FISHERIES TECHNOLOGY CONSULTANT

Tech for Nature

2020 - 2025

- Developed digital tools for fishery management and monitoring.
- Utilized machine learning for predictive analytics in fisheries.
- Collaborated with stakeholders to implement technology solutions.
- Conducted training on the use of digital tools for fishers.
- Analyzed data to inform policy recommendations.
- Presented technological advancements at industry conferences.

DATA ANALYST

Fisheries Research Institute

2015 - 2020

- Analyzed fisheries data to support management decisions.
- Developed dashboards for real-time data visualization.
- Collaborated with researchers on data-driven projects.
- Assisted in the design of data collection methodologies.
- Prepared reports on fishery trends and patterns.
- Engaged with community stakeholders for data validation.
