ACHIEVEMENTS

- Recognized as 'Employee of the Month' twice for outstanding contributions to patient care.
- Implemented a new assessment tool that improved therapy outcomes by 25%.
- Developed a parent resource guide that was distributed to over 300 families.

PROFILE

Compassionate Clinical Allied Health Practitioner with a focus on pediatric care and over 5 years of experience in treating children with developmental disabilities. Adept at creating engaging therapy sessions that promote motor skills and social interaction. Strong background in collaborating with families to develop effective care plans that address individual needs.

EXPERIENCE

PEDIATRIC REHABILITATION THERAPIST

Children's Health Network

2016 - Present

- Designed and executed therapy programs for children with autism spectrum disorder, improving their social skills by 50%.
- Conducted assessments to tailor interventions for each child based on their unique needs.
- Worked with families to ensure continuity of care and support outside therapy sessions.
- Utilized play-based therapy to engage children effectively during treatment.
- Maintained detailed records of patient progress and adjusted treatment plans accordingly.
- Facilitated workshops for parents on strategies to support their child's development at home.

ALLIED HEALTH ASSISTANT

Bright Futures Therapy Center

2014 - 2016

- Assisted occupational therapists in developing and implementing therapy sessions for children.
- Provided direct support to children during therapeutic activities, enhancing their engagement.
- Tracked and reported on children's progress to ensure effective treatment adaptations.
- Organized therapeutic play sessions that fostered physical and cognitive development.
- Collaborated with educational staff to create individualized education plans (IEPs) for students.
- Facilitated group therapy sessions, improving peer interaction and teamwork skills.
