- English
- Spanish
- French

WORK EXPERIENCE

Hematology Scientist 2020-2023

State University Medical Center

- Performed comprehensive hematological analyses including CBC, coagulation studies, and blood smears.
- Reviewed and interpreted test results, providing critical information to clinical teams.
- Ensured compliance with laboratory accreditation standards through regular audits.
- Mentored new laboratory staff on hematological techniques and quality control processes.
- Collaborated with physicians to develop patient treatment plans based on lab results.
- Participated in research projects investigating blood disorders and treatment efficacy.

Biomedical Scientist 2019-2020

Community Health System

- Conducted routine laboratory tests to support patient diagnosis and treatment.
- Maintained equipment and ensured compliance with safety protocols.
- Collaborated with multidisciplinary teams to optimize laboratory workflows.
- Documented laboratory results accurately in the health information system.
- Participated in continuous education programs to stay updated with laboratory advancements.
- Actively contributed to quality improvement initiatives within the laboratory.

ACHIEVEMENTS

- Led a quality improvement project that resulted in a 30% decrease in turnaround time for hematology tests.
- Recognized for contributions to a successful laboratory accreditation process.
- Authored a research article on advancements in hematological diagnostics.
