SKILLS

- Statistical Analysis
- Pediatric Research
- Data Management
- Clinical Trials
- Regulatory Compliance
- Data Visualization

LANGUAGES

- English
- Spanish
- French

EDUCATION

**MASTER OF SCIENCE IN
EPIDEMIOLOGY, UNIVERSITY OF
HEALTH STUDIES**

ACHIEVEMENTS

- Recognized for outstanding contributions to pediatric research by receiving the Research Excellence Award.
- Contributed to the publication of a study on the efficacy of new treatments for childhood asthma.
- Implemented a new data collection protocol that improved data quality and compliance.

WORK EXPERIENCE

CLINICAL DATA SCIENTIST

KidsHealth Research

2020 - 2025

- Conducted data analyses for pediatric clinical trials, improving data accuracy by 20%.
- Collaborated with healthcare professionals to develop data collection protocols tailored to pediatric populations.
- Monitored data integrity throughout clinical trials, ensuring compliance with ethical standards.
- Utilized statistical software to generate insights on treatment efficacy in children.
- Presented research findings at pediatric health conferences, enhancing visibility for the organization.
- Participated in training for clinical staff on data management best practices.

DATA ANALYST

ChildHealth Solutions

2015 - 2020

- Assisted in analyzing clinical data for studies focused on childhood diseases.
- Performed data validation and preprocessing to ensure high-quality datasets.
- Worked with researchers to design data collection tools suitable for children.
- Generated reports summarizing findings for use in research publications.
- Collaborated with cross-functional teams to align research goals with data strategies.
- Supported the development of a pediatric data management system that improved data accessibility.
