SUMMARY

As a dedicated Clinical Mental Health Researcher with over 10 years of experience in the field, I have a proven track record of conducting comprehensive studies that contribute to the understanding and treatment of mental health issues. My career started in a clinical setting where I was responsible for patient assessments, which sparked my passion for research.

WORK EXPERIENCE

Senior Research Scientist Mental Health Innovations Inc.   *Jan 2023 - Present*

- Led a team of researchers in a multi-site study on the efficacy of cognitive-behavioral therapy for anxiety disorders.
- Developed and implemented research protocols ensuring compliance with ethical standards.
- Conducted statistical analyses using SPSS and R to interpret complex data sets.
- Presented findings at national conferences, enhancing the company's visibility in the research community.
- Collaborated with clinical teams to translate research findings into practice.
- Secured $500,000 in research funding through successful grant proposals.

Clinical Research Coordinator City Health Research Center   *Jan 2020 - Dec 2022*

- Coordinated clinical trials focused on the treatment of depression in adolescents.
- Managed participant recruitment and retention strategies, achieving a 95% retention rate.
- Oversaw data collection and ensured accuracy in reporting outcomes.
- Trained staff on research methodologies and ethical considerations.
- Facilitated weekly team meetings to discuss project progress and address challenges.
- Prepared and submitted progress reports to funding agencies, showcasing project milestones.

EDUCATION

Ph.D. in Clinical Psychology, University of Health Sciences   *Sep 2019 - Oct 2020*
